

MINIMUM ENTRY QUALIFICATIONS

To be considered for the award of Brunei Darussalam Government Scholarship, applicants must satisfy the entry requirement set by the following institutions:

1. ADMISSION TO UNIVERSITI BRUNEI DARUSSALAM (UBD)

Applicants must satisfy the general entry requirements and specific entry requirements as set for each programme.

Applicants must also note that fulfilling the general entry requirements and specific entry requirements does not guarantee entry into UBD's programmes as admission to all programme is competitive and limited subject to availability of space.

1.1 Entry Requirement for Ph.D. Programmes

i) General entry requirement.

The minimum requirement for Ph.D. Programme is normally a relevant Master's Degree or its equivalent from institutions recognized by the University Senate. Applicants are also required to submit a detailed research proposal which is normally expected to include the following topics: proposed title; rationale; aims and methodology; literature review; preliminary bibliography; provisional timetable; provisional table of contents, and an indication of any special requirements for the study. The minimum duration of Ph.D. programme is normally 3 years full-time.

ii) Specific entry requirements for Ph.D. programmes can be obtained at **Attachment A**.

1.2 Entry Requirement for Master Degree Programmes

i) General entry requirement.

- The minimum requirement for Masters Degree Programme is normally a relevant Bachelor's Degree with Honors (Second Class and above) or its equivalent from institutions recognized by the University Senate unless otherwise stated.
- Applicants who do not process a Second Class Honors Degree may considered, provided they have relevant working experience and possess other academic or professional qualifications deemed suitable and equivalent for the purpose of admission to the programme.
- For entry to the Master degree programme in English medium, applicants must be able to demonstrate English language proficiency of at least a credit 6 in English Language at GCE 'O' Level Examination or a grade 'C' in IGCSE English (as a Second Language) or an IELTS score of 6.0 or TOEFL minimum overall score of at least 550. Please take note that other specific entry requirements will be provided under the separate programmes.
- For research Master degree applications, the applicant must submit a proposal for research together with the application. The research proposal is generally expected to include the following topics: proposed title; rationale; aims and methodology; literature review; preliminary bibliography; provisional timetable; provisional table of contents, and an indication of any special requirements for the study.

ii) Master by Research

Currently various Masters programmes by Research are available.

The duration of Masters programmes by research are either 1 or 2 years full-time; or 2 or 4 years part-time.

iii) Specific entry requirements for Master's Degree programmes can be obtained at **Attachment A**.

1.3 Entry Requirement for First Degree Programmes

i) General entry requirement.

For English-medium and Bilingual programmes, at least a credit 6 in English Language at GCE 'O' Level Examination or a grade 'C' in IGCSE English (as a Second Language) or an IELTS score of 6.0 or a TOEFL minimum overall score 550.

ii) Specific entry requirement :

- **Bachelor of Arts (Honours)** programme requires the following minimum qualifications:
 - 160 points for two passes at GCE 'A' Level or equivalent in relevant subjects; or
 - 200 points for three passes at GCE 'A' Level or equivalent in relevant subjects; or
 - An international Baccalaureate with a score of 28 points; or
 - 5 merits in Higher National Diploma excluding Communication Skills; and
 - At least a credit 6 in Malay Language at GCE 'O' level **FOR** candidates wishing to major in Brunei Studies, Malay Literature
- **Bachelor of Science (Honours)** programme requires the following minimum qualifications:
 - 160 points for two passes at GCE 'A' Level or equivalent (one of which must be in one of the following subjects: Biology, Mathematics, Chemistry, Physics); or
 - 200 points for three passes at GCE 'A' Level or equivalent (one of which must be in one of the following subjects: Biology, Mathematics, Chemistry, Physics); or
 - An international Baccalaureate with a score of 28 points with a minimum of 5 points in relevant subjects at higher level; or
 - 5 merits in Higher National Diploma excluding Communication Skills;
- **Bachelor of Business (Honours)** programme requires the following minimum qualifications:
 - 160 points for two passes at GCE 'A' Level or equivalent in relevant subjects; or
 - 200 points for three passes at GCE 'A' Level or equivalent in relevant subjects; or
 - An international Baccalaureate with a score of 28 points; or
 - Any relevant Higher National Diploma qualification recognized by University Senate; and
 - At least a credit 6 in Mathematics at GCE 'O' level.
- **Bachelor of Health Science (Honours)** programme requires the following minimum qualifications:

Major : Medicine

- 320 points for three (3) passes (ABB) in any three science subjects at GCE 'A' Level or equivalent in relevant subjects; or
- An international Baccalaureate with a score of 36 points;
- Have at least a credit 4 in English Language at GCE 'O' Level Examination or a grade 'B' in IGCSE English (as a Second Language) or an IELTS score of 7.0 or a TOEFL minimum overall score of 600; and
- Candidates satisfying the entry requirements will have to undergo a selection interview process known as the Multiple Mini Interview (MMI)

Major : Biomedical Science

- 240 points for three (3) passes (must be from Biology, Chemistry, Mathematics or Physics) with a minimum of 3 grade C's (CCC). Any other subject will also be considered depending on a case-by-case basis; or
- An international Baccalaureate with a score of 32 points; and
- Candidates satisfying the entry requirements will have to undergo a selection interview process known as the Multiple Mini Interview (MMI)

Major : Nursing/Midwifery

- A minimum of 220 points for three (3) passes from Biology, Chemistry, Mathematics or Physics. Other subjects may be considered on a case-by-case basis; or
- An internationally recognized degree of second class honours in a relevant discipline from Universiti Brunei Darussalam or any other university recognized by the University Senate; or
- For those with Diploma in Nursing or Midwifery without working experience, at least three merits or pass with credit is required; or
- An International baccalaureate with a score of 32 points; and
- Candidates satisfying the entry requirements will have to undergo a selection interview process known as the Multiple Mini Interview (MMI)

1.4 Entry Requirement for Diploma Programmes

- i) General entry requirement.

At least a credit 6 in English Language at GCE 'O' Level Examination or a grade 'C' in IGCSE English (as a Second Language) or an IELTS score of 6.0 or a TOEFL minimum overall score 550.

- ii) Specific entry requirement :

- **Diploma of Health Science (Nursing)** programme requires the following minimum qualification :
 - At least 4 credits in GCE 'O' Level Examination or its equivalent, including Mathematics, Science, English Language; or
 - A recognized Certificate for Assistant Nurse or certificate in Midwifery (Division II) with working experience of not less than 2 Years after completing the certificate programme.
 - Candidates must be successful at interview conducted by the University.
- **Diploma of Health Science (Midwifery)** programme requires the following minimum qualification :
 - At least 4 credits in GCE 'O' Level Examination or its equivalent, including Mathematics, Science, English Language; or
 - A recognized Certificate for Assistant Nurse or certificate in Midwifery (Division II) with working experience of not less than 2 Years after completing the certificate programme.
 - Candidates must be successful at interview conducted by the University.

Specific Entry Requirements for Master Programme by Research and PhD

Doctor of Philosophy (PhD) in Islamic Civilisation and Contemporary Issues
A relevant graduate degree is normally expected
Master of Arts in Islamic Civilisation and Contemporary Issues
A relevant, minimum Second Class, undergraduate degree is normally expected.
Doctor of Philosophy (PhD) in Education
Masters degree or equivalent from a recognised university
Master of Education
Bachelors degree or equivalent from a recognised university
Doctor of Philosophy (PhD) in Physics
a) Master's degree in Physics or closely related discipline from a recognised university; or First class honours BSc degree in Physics or closely related discipline from a recognised university; and b) Publication in a reputable journal or equivalent work experience;
Doctor of Philosophy (PhD) in Mathematics
a) Master's degree in Mathematics or in a relevant area from a recognised university; b) At least 2 publications in a reputable journal or equivalent work experience
Doctor of Philosophy (PhD) in Petroleum Geology
a) Master's degree or First Class honours BSc in Geology, Geophysics, Geochemistry or related Earth Sciences from a recognised university; b) At least 2 publications in a reputable journal or equivalent work experience;
Doctor of Philosophy (PhD) in Energy Studies
a) Master's degree in Energy studies or closely related field from a recognised university; or First class honours BSc degree in Energy Studies or closely discipline; b) Publications in a reputable journal or equivalent work experience;
Doctor of Philosophy (PhD) in Computer Science
a) Master's degree in science or engineering or in a relevant area from a recognised university; b) At least one publications in a reputable journal and two articles in proceedings of international conferences based on peer review full paper submission with not less than 4 pages or equivalent work experience;
Doctor of Philosophy (PhD) in Chemistry
a) Master's degree in Chemistry or closely related discipline from a recognised university, or First class honours BSc degree in Chemistry closely related discipline from a recognised university; b) Publications in a reputable journal or equivalent work experience will be an added bonus
Doctor of Philosophy (PhD) in Biotechnology
Master's degree in Biotechnology or closely related discipline from a recognised university, or First class honours BSc degree in Biotechnology closely related discipline from a recognised university

Doctor of Philosophy (PhD) in Biology
Master's degree in Biology or closely related discipline from a recognised university, or First class honours BSc degree in Biology closely related discipline from a recognised university
Doctor of Philosophy (PhD) in Biodiversity
Master's degree in Biology or closely related discipline from a recognised university, or First class honours BSc degree in Biology closely related discipline from a recognised university
Master of Science in Physics
At least a lower second class (or equivalent) honours Bachelor's degree in physics or closely related discipline from a recognised university
Master of Science in Mechatronics
At least a lower second class (or equivalent) honours Bachelor's degree in science or engineering or in a relevant area from a recognised university
Master of Science in Mathematics
At least a lower second class (or equivalent) honours Bachelor's degree in Mathematics or Mathematics Education or in a relevant area from a recognised university
Master of Science in Computer Science
At least a lower second class (or equivalent) honours Bachelor's degree in science or engineering or in a relevant area from a recognised university
Master of Science in Chemistry
At least a lower second class (or equivalent) honours Bachelor's degree in Chemistry or closely related discipline from a recognised university
Master of Science in Biotechnology
At least a lower second class (or equivalent) honours Bachelor's degree in a relevant area from a recognised university
Master of Science in Biology
At least a lower second class (or equivalent) honours Bachelor's degree in a relevant area from a recognised university
Master of Science in Biodiversity
At least a lower second class (or equivalent) honours Bachelor's degree in a relevant area from a recognised university
Doctor of Philosophy (PhD) in Midwifery
A Master's degree in midwifery or in nursing with maternal and child health as specialisation is required. A candidate with a First Class Honours in midwifery or in nursing with adequate maternal and child health components in the curriculum may also be considered. Shortlisted candidates will be interviewed. Subject to relevant UBD regulations, depending on the merits of each case, a Master's by research degree candidate in a relevant field at UBD may be considered for conversion to a PhD candidate.
Doctor of Philosophy (PhD) in Nursing
A Master's degree in nursing is required. Candidates with a First Class Honours in nursing may also be considered. Short-listed candidates will be interviewed. Subject to relevant UBD regulations, depending on the merits of each case, a Master's by research degree candidate in a relevant field at UBD may be considered for conversion to a PhD candidate.
Doctor of Philosophy (PhD) in Clinical Sciences
MBBS degree or equivalent with a relevant experience equivalent to a Master's degree or Master's degree in any health related discipline from a recognized institution. Short-listed candidates will be interviewed. Subject to relevant UBD regulations, depending on the merits of each case, a Master's by research degree candidate in a relevant field at UBD may be considered for conversion to a PhD candidate.

Doctor of Philosophy (PhD) in Biomedical Sciences
<p>A Master's degree in a relevant science field. A First Class Honours degree in a relevant field of biomedical or health sciences or a Bachelor's degree in medicine with a relevant Master's degree may also be considered when supported with evidence of strong research interest.</p> <p>Short-listed candidates will be interviewed.</p> <p>Subject to relevant UBD regulations, depending on the merits of each case, a Master's by research degree candidate in a relevant field at UBD may be considered for conversion to a PhD candidate.</p>
Master of Health Science in Midwifery
<p>A minimum of Second Class Honours in BHSc (Midwifery) or in a Bachelor's degree in nursing with adequate maternal and child health component in the curriculum. Each candidate must have a license to practise through registration.</p> <p>Short-listed candidates will be interviewed.</p>
Master of Health Science in Nursing
<p>A minimum of a Second Class Honours in BHSc (Nursing) or in a Bachelor's degree in nursing from a recognised institution. Each candidate must have a license to practise through registration.</p> <p>Short-listed candidates will be interviewed.</p>
Master of Health Science in Clinical Sciences
<p>MBBS degree or equivalent, a first or an upper second class honour's degree in any health related discipline, or other disciplines with strong interest or experience in health sciences from a recognized institution.</p> <p>Short-listed candidates will be interviewed.</p>
Master of Health Science in Biomedical Sciences
<p>A First or an Upper Second Class Honours in relevant field of biomedical or health sciences or a Bachelor's degree in medicine. A Lower Second Class Honours may also be considered when supported with evidence of strong research interest.</p> <p>Short-listed candidates will be interviewed.</p>
Doctor of Philosophy (PhD) in Brunei Studies
<p>To be accepted to the degree, applicants must demonstrate that they have sufficient background and experience in independent supervised research to successfully complete a PhD. The normal requirement is for a Master's Degree in an appropriate discipline from a recognised institution of higher learning.</p> <p>Applicants whose native tongue is not English are required to demonstrate their proficiency in the English Language by having (or obtaining) one of the following qualifications:</p> <ol style="list-style-type: none"> 1. At least a credit 6 in English Language at GCE 'O' Level Examination. 2. A grade 'C' in IGCSE English (as a second language). 3. A minimum TOEFL score of 550 for the paper-based test. 4.
